

Happiness Flower: How Happy is the World?

About the Project

World happiness report is a landmark survey of the state of global happiness. The world happiness report 2017 ranks 155 countries by their happiness levels.

Happiness level is explained by 6 factors

- Level of GDP

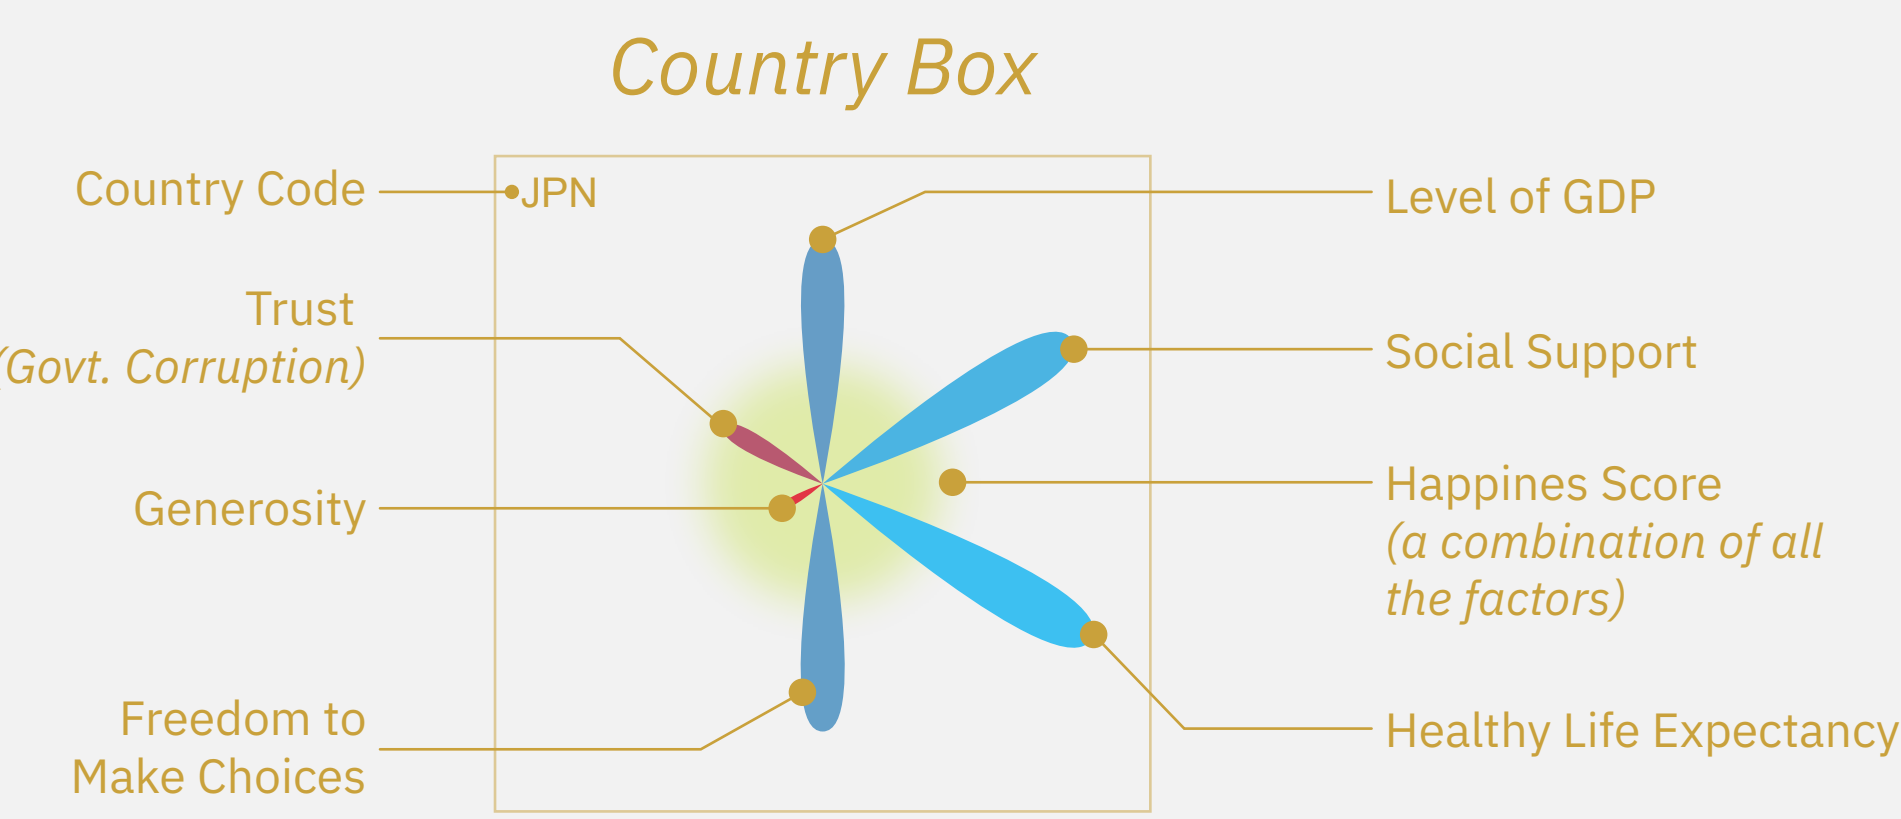

Freedom to make choices

Generosity
- Social support

Healthy life expectancy

Trust (govt. corruption)

How to read

* Longer the petals the better it is
** The bigger the happiness score circle the happier the country is

Color Scale
